

SMART TABS SX installation cautions!

Side view of transom

SX Series Smart Tabs
Need to be mounted so that the Trim Plate Hinge & Transom Bracket are mounted on the **same surface (plane)** as shown here.

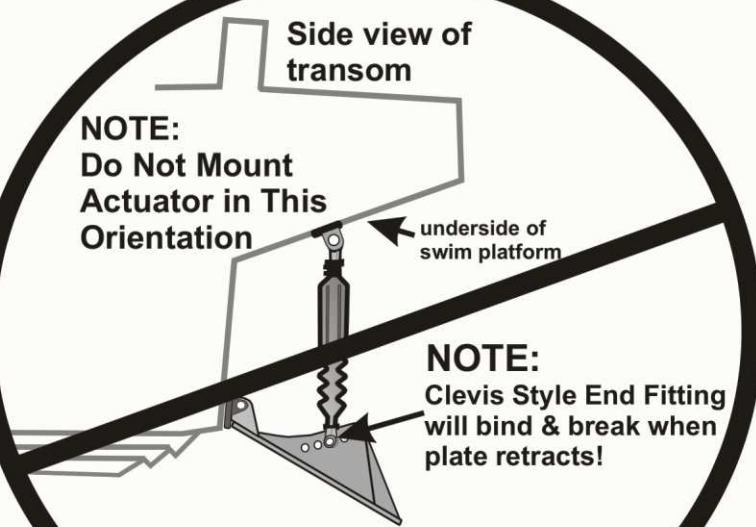

Good

Side view of transom

NOTE:
Do Not Mount Actuator in This Orientation

← underside of swim platform

NOTE:
Clevis Style End Fitting will bind & break when plate retracts!

No Good

For applications where the plate and the transom bracket can not be mounted on the same surface (plane) use the Smart Tabs Stainless Steel Series, or call 800-233-0194 for advice!
